Read the passage - 'Be a Friend' - and answer the question below:

Be a Friend

Be a Friend

When you're walking down the street,
You never know who you might meet
An old friend or someone new
What you do is up to you.

- 5 You can smile and shake their hand
Being nice is really grand.
Take a minute to stop and chat
You just can't go wrong with that.

- 10 If you decide to look away
You may have ruined someone's day.
They may have needed a little aid
But you were simply too afraid.

- 15 To stop and take the time to find
What's going on inside their mind,
They may have really needed you
To be a friend who's tried and true.

- 20 So next time stop, and be a friend.
To their bad day you'll put an end.
You'll feel better if you do,
And, chances are, they will, too!
